

Register Now for NJ BPU Seminars To Help Large Businesses Learn to Shop for Electricity

The New Jersey Board of Public Utilities and the State's electric utilities are sponsoring statewide meetings this March and April to make sure that large business customers have the tools they need to control their electric energy costs.

Attendees will learn how to:

- ? understand their Company's electric bill;
- ? identify electric pricing trends;
- ? find electric suppliers interested in serving their business;
- ? make sense of price offers from electric suppliers; and,
- ? switch accounts from electric utility to supplier service.

Electric suppliers will also be available to answer questions and provide more information about their energy services.

These seminars are intended for the State's most energy-intensive businesses and buildings, i.e., commercial and industrial electric customers who purchase energy supply from their traditional electric utility on hourly-priced (CIEP) tariffs or who have accounts with a peak demand of 750 kW or greater.

The State's large electric customer seminars are scheduled as follows:

Utility	Seminar Date	Location	Time
PSE&G	March 17	The Doral Princeton Hotel	8 am - Noon
	March 21	Meadowlands Sheraton Hotel	
JCP&L	March 29	Eatontown Sheraton	8:30 - Noon
	April 1	Headquarters Plaza, Morristown	
Conectiv	April 6	Atlantic City Sheraton	9 - Noon

Registration is free. Space is limited, and a reservation is needed. Please register only for seminars sponsored by the utility serving your company.

Bring a copy of your most recent electric bill to the seminar. This will help energy suppliers and utility representatives to better assist you.

For more information about whether your business would benefit from attendance or to make a reservation to attend a seminar, call:
